## Moving Equipment

Article Name	Article Number
Hydraulic Oil Leak	400A
Watch Out Around Corners (English & Spanish)(poster)	400B
Using Powered Hand Trucks (English & Spanish)	400C
Basic Rules for Forklift Operation (English & Spanish)	400D
Working Safely Around Forklifts (English & Spanish)	400E
A Failure to Communicate	400F
Facts About Aerial Lifts (3 pages)	400G
Using Aerial Lifts Safely	400H
Forklift Safety: Proper Load Handling (English & Spanish)	400I
Forklift Safety: Rules of the Road (English & Spanish)	400J
Lift Truck Safety Inspection (English & Spanish)	400K
Forklift Loading	400L
The Hazards of Heavy Equipment	400M
Heavy Equipment in Reverse	400N
Skid-Steer Safe Operations	400P
Skid-Steer Safety	400Q
Backhoe Safety (2 pages)	400R
Cranes and Power Lines	400S
Staying Safe Around Crane Booms and Buckets	400T
Preventing Crane-Boom Failures	400U
Beware of Crush Zones	400V
Cranes and Derricks in Construction: Assembly/Disassembly	400W
Cranes and Derricks in Construction: Operator Qualification and Certification (2 pages)	400X
Cranes and Derricks in Construction: Qualified Riggers	400Y
Cranes and Derricks in Construction: Signal Person Qualifications	400Z
Cranes and Derricks in Construction: Wire Rope Inspection (3 pages)	401A
Seat Belts Save Lives - Even on Heavy Equipment	401B
Loading & Unloading Equipment	401C
Everything You Need to Know About Lift Slings (2 pages)	401D
Lift Sling Inspection (2 pages)	401E
Types of Lift Slings (2 pages)	401F
Spider Lift Safety	401G
