FREQUENTLY ASKED QUESTIONS: USL&H & MARITIME COVERAGE

Q Does AMERISAFE offer USL&H and Maritime Coverage?

A Yes. AMERISAFE provides a Standard Policy with the option to add USL&H and Maritime coverage as an endorsement. We do not write stand-alone policies; however, the Maritime Employers Liability (MEL) policy can be placed elsewhere if a better option exists.

Q What other endorsements does AMERISAFE offer?

A We offer the Gulf of Mexico Extension Endorsement (GOMEX) (limited states) and the Outer Continental Shelf Lands Act Endorsement (OCS) (all states) at no additional charge.

Q What Maritime Employer Limits (MEL) does AMERISAFE offer?

A Limits vary by state, with options of $500,000, $1 Million, and $2 Million. This endorsement includes Jones Act, Maritime, Death on the High Seas, and In Rem. it also includes TWM&C (Transportation, Wages, Maintenance & Cure) premium.

Q Does AMERISAFE offer both Program I and Program II Maritime coverage?

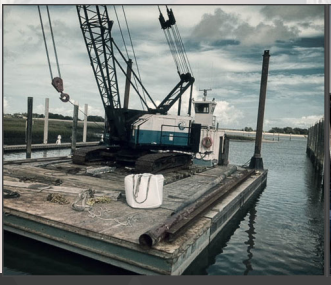
A AMERISAFE only offers Program II. While Program I is standard and often excludes TWM&C, Program II includes Voluntary Compensation and offers settlements based on statutory benefits regardless of negligence.

Q Does AMERISAFE offer "if any" coverage, and what is the cost?

A Yes. "If any" coverage is used for contractual requirements or potential future exposure. There is no additional cost to add USL&H on an "if any" basis (e.g., a roofer working near a navigable waterway).

Q How far does AMERISAFE's USL&H and Maritime exposure extend?

A The OCS begins 3 nautical miles offshore and extends coverage for 200 nautical miles in most coastal states. The GOMEX endorsement extends this slightly further in the Gulf. This is the limit of AMERISAFE's coverage area.

Q Are Boat Builders Exempt?


A Per the American Recovery and Reinvestment Act of 2009, the Longshore Act excludes employees building or repairing recreational vessels. This originally applied to vessels under 65 feet and was later extended to 150 feet in length.
